

Chapter 1

the party

The party consists of 5 people, the half-human, half-dragonborn wizard Faye Grimmsy, the dwarfen fighter Gramthrun Hammerforge and his best friend the cleric Sylvarus Aldion and the tiefling sisters Eaki the rogue and Yatari the warlock.

Chapter 2

Faye Grimmsy

Faye, the leader of the party, is half-human and half-dragonborn and was raised by human family named Grimmsy. She doesn't know her real origins, but she is searching for answers. When she turned 18, she started wizard training under a powerful wizard by the name of Elrune. After two years of training her teacher sent her out to see the world and study on her own. On her travels, she met the sisters Eaki and Yatari, who joined her on her travels in hope for a saved life. Later she met Gramthrun and Sylvarus, who also joined them, because they simply liked them and liked adventures.

Chapter 3

Gramthrun Hammerforge and Sylvarus Aldion

The dwarf Gramthrun Hammerforge grew up in the city of Orvon, where Sylvarus, an elf that lived in the Fey also spent a lot of time. There they became best friends as children and later started traveling together looking for adventures. Sylvarus is a Cleric of the god Pelor, the God of the Sun and Gramthrun a bulky fighter. He isn't the brightest tough, so he relies on Sylvarus for important decisions. And although he looks like a mindless brute, he means well and is a very gentle soul. Sylvarus is pretty smart, he leads Gramthrun and looks out for him, so he doesn't get into situations he can't handle. They joined Faye's party, because Faye looked for help in recovering an magical artifact and then stayed in the party, because they liked them and felt like the party needed them (and they needed the party)

Chapter 4

Eaki and Yatari

The tiefling sisters Eaki and Yatari grew up as orphans in the poor parts of the city Blackwater. They were all alone, so they had to survive any way they could. Eaki, the younger sister learned skills like pickocketing and lockpicking to secure any food for them and Yatari studied from ancient tomes and became a warlock protecting them both. When Faye met them in the city, they didn't trust her at first, but Faye earned their trust and took them with her out of the slums of the city. They still have issues with trusting people, even Gramthrun and Sylvarus, but Faye is now like a mother to them.
